

4060

16" PRO TABLESAW

A TRADITION OF INNOVATION™

FEATURING

- Right tilting 16" or 14" blade
- 1" arbor
- Optimus square fence system
- Expansive, precision ground, work table
- 52" rip capacity
- Massive 10HP, 3Ph motor
- Exclusive cast iron dampening base

The Oliver 4060 16" Table Saw brings back a long Oliver tradition of sizeable table saws. Like many Oliver saws before it, this 16" behemoth is built beyond any reasonable expectations, so when you ask it to go the extra mile, it does so with ease. A 16" blade gives you huge depth of cut, and the

10HP motor gives you power to spare. Oliver's Optimus square tube fence system gives you a quick-adjusting, rock-solid guide for wood, and the stock 52" rails help assure you that no job is too big. Older Oliver table saws are legendary, and like its ancestors before it, the Oliver 4060 promises to be a fixture in any shop it calls home for a long, long time.

4060

16" PRO TABLESAW

The Oliver 4060 brings it on.
With flexibility, ease of use, and power to spare, you can be sure the 4060 won't shy away from even the toughest jobs, so you don't have to either.

TWELVE POUND MITER GAUGE and unmovable T-square fence facilitate positive feeding and smooth cuts.

IN TRUE OLIVER FASHION this massive, well designed trunnion assembly will never let you down.

NEED TO RIP 4X4'S? With a 10HP motor driving 4 v-belts and a 16" sawblade, it's not a problem.
