

4270

16 INCH JOINTER

FEATURING

- ① 68 1/2" Fence
- ② Precision Ground Table For Perfect Jointing
- ③ Super Long 102" Bed
- ④ Dovetail Ways for precision table adjustment
- ⑤ Powerful 5HP or 7.5HP Motor For Easy Cutting
- ⑥ Solid Cast Iron Base For Vibration-Free Operation
- ⑦ Wide Base For Stability

The Oliver 4270 16" Jointer is ready for anything you can throw at it. With 16" of jointing capacity you'll be hard pressed to find a job that outclasses this beast. With a super long 102" bed and an ample 68 1/2" fence, your stock comes out straight and true every time. A powerful 7.5 or 5 horsepower motor gives you the torque you need to joint the toughest hardwoods with ease.

The solid cast iron base firmly establishes the quality of the machine, while the noise reduction slots near the cutterhead help keep this machine quiet. Flip this sheet over for a peek at some of the other excellent features hidden inside the 4270!

16 INCH JOINTER

The 4270: built the Oliver way.

Our customers can't say enough good things about the 4270. Quality, value, precision, ease of use, the list goes on and on. Below are just a few examples.

HELICAL CUTTERHEAD (OPTIONAL) Long lasting Double Sided Solid Carbide Knives greatly reduce cutterhead noise. Each indexable knife is sharpened on two sides, so just turn them once and they're as good as new with no knife setting required!

Model No.

4270

Stock No. (5HP, 1Ph, Straight)	4270.001
Stock No. (7-1/2HP, 3Ph, Straight)	4270.002

Positive Stops (deg.)	90 and 45
Motor	5HP, 1Ph, 220V Only or 7-1/2HP, 3Ph, 220/440V Prewired 220V
Overall Dimensions (L x W x H/in.)	102 x 45 x 40
Gross Weight (lbs.)	1,750

NOISE REDUCTION SLOTS FOR QUIET OPERATION These slots help reduce noise generated by air travel between the cutterhead and table. Oliver Jointers are quiet to begin with, this helps make them even quieter.

LARGE HAND WHEEL FOR EASY DEPTH ADJUSTMENTS gives you full control over your jointing depth. Dovetailed ways keep the table stable and true.

CONVENIENTLY LOCATED ON/OFF SWITCH allows for easy operation. No more stooping to turn the machine on and off
